

The stylish WR880 is another new comer to the GEMINI WR leisure range, this off shore rib has been constructed without compromise to meet the high demands of the commercial rib world. On the water, this stepped-volume monohull WR880 RIB is unsurpassed for a smooth dry ride, and safe handling and exceptional seakeeping, keeping crew and passengers safe dry and comfortable. The flexible deck layout can be adapted to meet the leisure customers' functional needs with a capacity for up-to 18 seats or alternatively a large deck space to incorporate a full range of additional extras. A comprehensive choice of engine brands and models gives the customer options for their required performance and available budget. GEMINI's 40 years of experience in designing, engineering and building rigid hull inflatable boats, inspires confidence in quality, dependability and capability. GEMINI WR880 is in use with international commercial operators, Special Forces, Police and Rescue Institutions worldwide all testing the WR880 to the limit.

FEATURES

HULL QUALITY

Constructed from advanced composite materials; providing an exceptionally strong structure, and a damage and corrosion resistant craft.

SUPERIOR SEAKEEPING

Gemini's stepped volume hull offers outstanding seakeeping, improved stability, and increased payload carrying capability, as well as being forgiving to operate.

INTEROPERABILITY

Available with single or multipoint lifts designed for safe launch and recovery.

PROVEN

A hull design for superior seakeeping, payload carrying and reduced hull slamming supported by advanced shock mitigation seating ensures personnel remain fully capable throughout mission.

RELIABLE

Twin outboard engine options delivers improved reliability, superior shallow water capability (o/b) and exceptional manoeuvrability and control at low and high speed.

MISSION SPECIFIC

Flexible platform design which can be adapted to differing configuration, bespoke fit out and equipment fit.

SELF-RIGHTING

Designed to incorporate self-righting system.

COMPLIANCE

Built to international recognised standard, and can be easily equipped and coded to meet local authority regulatory compliance.

TRANSPORTABILITY

The WR880 can be berthed, towed or can be used with a drive on dock. The WR880 can easily fit in an ISO container for secure and cost effective international shipping, and can be made compatible for air transport.
