

A high performance rib for the professional adventurer the GEMINI WR720 has been designed and manufactured to provide exceptional seakeeping even in the toughest conditions. A range of engine combinations and various upgrades gives the client endless opportunities to tailor their boat to meet the challenges of their next adventure.

The versatile deck space a choice of designs for seating and consoles and various layout options including seating for up to 11 persons, or free deck space to include extras such as a table, sunbed, or extra storage allowing customers to choose the perfect boat for their leisure needs. Manufactured in compliance with ISO 9001-2015 standards and certified to European directive RCD (ISO 2013/53/EU)

FEATURES

HULL QUALITY

Constructed from advanced composite materials; providing an exceptionally strong structure, and a damage and corrosion resistant craft.

SUPERIOR SEAKEEPING

Gemini's stepped volume hull offers outstanding seakeeping, improved stability, and increased payload carrying capability, as well as being forgiving to operate.

LIFT POINTS

Equipped with single or multipoint lift points for use with cranes and davits, ensuring safe and easy handling. Perfect for launching and retrieving from support vessels and superyachts.

TESTED AND TRUSTED

Our hull design excels in providing superior stability on the water, enhances payload capacity, and minimizes hull impact, all while our advanced shock-absorbing seating keeps passengers comfortable and ready for any adventure.

ROBUST SPONSON DESIGN

Crafted from heavy-duty Hypalon 1670 DTEX material, our sponsons are built to withstand the rigors of the ocean. Optional double skinning and additional armor provide extra durability and peace of mind for your aquatic adventures.

RELIABLE

Twin outboard engine options delivers improved reliability, superior shallow water capability (o/b) and exceptional manoeuvrability and control at low and high speed.

DESIGNED FOR LEISURE

Our flexible platform design allows for a variety of configurations, personalized fit-outs, and equipment options to suit your specific recreational needs.

ULTIMATE SAFETY

Optional self-righting system and advanced shock-mitigating seating available, ensuring you and your passengers stay safe and comfortable in any conditions.

COMPLIANCE

Constructed to internationally recognized standards and easily adaptable to meet local regulations, ensuring a worry-free experience wherever your adventures take you.

CONVENIENCE IN TRANSPORT

The WR720 can be berthed, towed or can be used with a drive on dock. The WR720 can easily fit in an ISO container for secure and cost effective international shipping, and can be made compatible for air transport.

GEMINI WR720

TECHNICAL SPECIFICATIONS
